B.H.COLLEGE, HOWLY  
IN COLLABORATION WITH  
ASSAM SKILL DEVELOPMENT MISSION**

**About the seminar:**

India battled to face the situations arising out of Covid-19 pandemic and arrived at a new era of self-reliance. To bring positivity and ray of hope among the people, country's leader PM Mr. Narendra Modi introduced the concept of 'Aatmanirbhar Bharat' through Aatmanirbhar Bharat Abhiyan. Since September 2014 "Make in India" movement tried to transform India into a global design and manufacturing hub as a part of Nation building initiatives. Covid-19 crisis came as an opportunity for India to be self-sufficient and self-reliant in all directions by bringing the advanced version of the Make in India movement. A mega project of Rupees Twenty Lakh crores to initiate the self-reliant India campaign by PM Mr. Narendra Modi was announced in May 2020 to save the country from the pandemic crisis. It's a drive for self-sufficiency and the push for 'Vocal for Local' that ensured livelihood and supplies for Indians throughout lockdown. It focused on five components-

Economy, System, Infrastructure, Vibrant Demography and Demand.

With the beginning of Azadi ka Amrit Mahotsav Prime Minister Narendra Modi once again stressed the need for fueling 'Vocal for Local' that is to promote local industries and consume local products wherever possible. The Seminar aims to provide opportunity for the opinion of leading experts including academicians and non-academicians from different organizations who are practically working in this field so that these kind of seminars can help in policy implementations.
