FROM THE DESK OF THE PRINCIPAL

This is a matter of great pride that the Department of Philosophy is releasing the first issue of its departmental Newsletter on April 2023. It highlights the significant activities of the students and the department carried out through the period. I wish them a very bright future ahead.

**Editorial Notes**

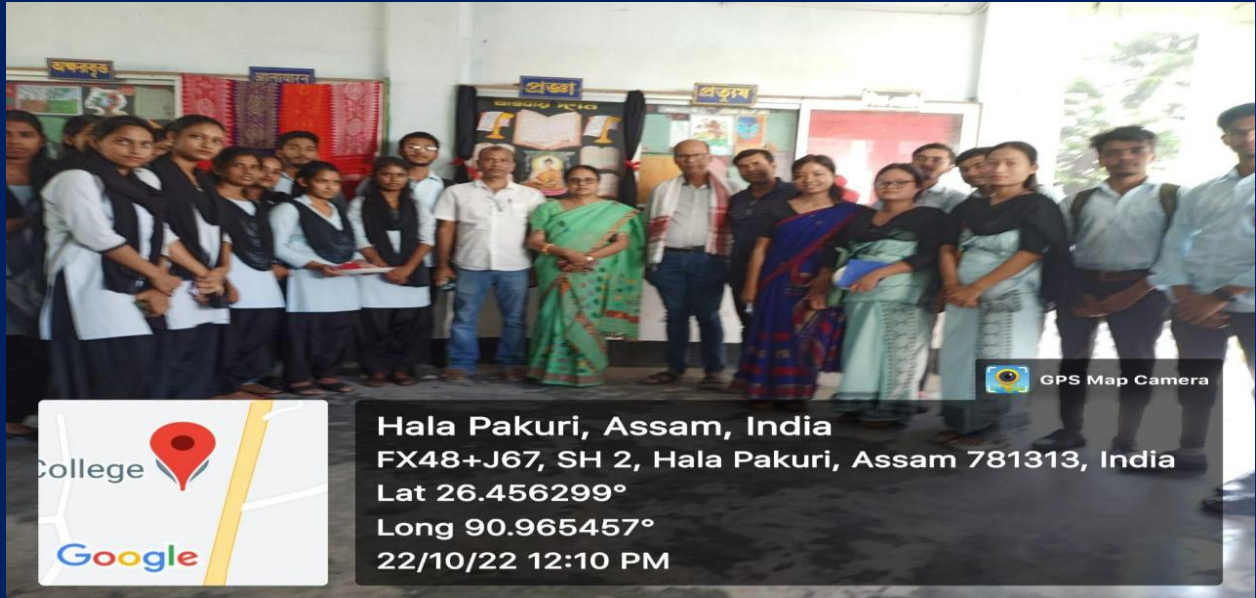

This newsletter is a humble attempt to show cast the activities of the Department of Philosophy. This is the first attempt of the department to depict the department and students' activities in digital format. This newsletter is prepared with the sole objective of disseminating the Philosophy departmental activities with others and hoping that it may encourage the members of the Philosophy department to work more tirelessly and effectively. Further, the release of this Newsletter in digital format will be a small step in saving trees to an extent.

World Philosophy Day Celebration

World Philosophy Day is celebrated on 17th November 2023. Dr Dhira Talukdar, a Retired Professor of Philosophy, at M.C. College(Affiliated with Gauhati University) delivers a lecture and interacted with the students of philosophy on the topic “Human of the future and role of environmental ethics”.

Wall Magazine "Pragya" is prepared by the Students of philosophy.
